Email: [info@dmcc.org.uk](mailto:info@dmcc.org.uk)

Registered Charity no. 1170159

# DMCC Quality Assurance Mark

This scheme is open to Memory Cafés who provide support, services, and activities to improve the health and wellbeing of people in our communities.

It demonstrates how your memory cafes are delivered, and how the relevant policies and practices of your organisation ensure safe, caring, effective and responsive services.

This helps health professionals and the public build confidence in, and awareness of, the range and quality of health and wellbeing activities and services available through Memory Cafés.

## Benefits of applying

- ✓ Receive recognition of the quality services you provide
- ✓ Instil confidence in people working in health and wellbeing to signpost people to your services
- ✓ Better promotion of the voluntary services available
- ✓ Opportunity for small organisations to engage
- ✓ The process, such as locating governance in one place can help with future planning and funding applications
