

1. Online voting

The easiest and quickest way for the public to vote for your project is online at www.thepeoplesprojects.org.uk.

People will only be able to vote between 9am on Monday 16 April to midday on Monday 30 April 2018. These are the steps that people can follow to vote for your project:

Step 1 - Find a project!

Select a region on our map or list, by entering your postcode, or, if you are on a mobile device, allow us to use your current location.

You can vote for one project in each region per email address but your votes must all be placed at the same time.

Step 2 - Click on a project in your chosen region

Watch the films to find out more about the projects and choose one to vote for within that region.

Step 3 -Vote now

Once you have chosen a project, submit your vote or browse other regions to vote for projects in a different region.

When submitting your vote, we ask for your name, email address and postcode. You will then be emailed a link that you need to click on to confirm your vote. **In order for your vote to be counted, please follow this link and remember to check your junk folder too.**

2. Postal voting

People without email addresses can vote by post. The address is **FREEPOST THE PEOPLE'S PROJECTS** (this must be in CAPITAL LETTERS)

To be counted, the following details must be clearly written on the postcard:

- your name
- postcode
- address
- telephone number
- name of the project you're voting for

Please use a standard postcard format (see next page), with your voting details on the left-hand side and the FREEPOST address on the right-hand side. No postcode is needed for the FREEPOST address, and just leave the other side blank.

To help ensure the postcard arrives in time, best to send it by last post Wednesday 25 April 2018.

For children and vulnerable adults, we advise you to put their postcards in an envelope and follow the instructions for the FREEPOST postal vote, ensuring the only address on the envelope is the FREEPOST address.
